**Keep it simple:**

We will ask you all to give some cash contribution to help me cover the cost for Carsten. The more the better. I do not want to apply fixed fees, but keep it simple and low-profile to organize. Means: Cash only and you decide by yourself how much.

**Prepare** (apart from what is mentioned in the earlier message, below):

Please make up your mind on what you are interested to practice during that day. Carsten will pick it up 😊

Please forward this info in your dojos, just in case more people want to join.

Lots of greetings

Ulla
